INDEPENDENT AUDITORS' REPORT

To the County Board of Commissioners
Scotts Bluff County
Gering, Nebraska

Report on the Financial Statements

We have audited the accompanying cash basis financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Scotts Bluff County, Nebraska, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the cash basis of accounting described in Note 1; this includes determining that the cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to error or fraud.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position - cash basis of the governmental activities, each major fund, and the aggregate remaining fund information of Scotts Bluff County, Nebraska, as of June 30, 2021, and the respective changes in financial position - cash basis, thereof for the year then ended in accordance with the basis of accounting as described in Note 1.

Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

Other Matters

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Scotts Bluff County, Nebraska's basic financial statements. The supplementary information on pages 29 - 48 is presented for purposes of additional analysis and is not a required part of the basic financial statements. The schedule of expenditures of federal awards on pages 29 - 30 is presented for purposes of additional analysis as required by the Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The supplementary information and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 23, 2022, on our consideration of Scotts Bluff County, Nebraska's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing

of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Scotts Bluff County, Nebraska's internal control over financial reporting and compliance.

SCOTTS BLUFF COUNTY, NEBRASKA
NOTES TO THE FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of the significant accounting policies of Scotts Bluff County, Nebraska (the County).

A. THE REPORTING ENTITY

Scotts Bluff County, Nebraska, is a governmental entity established under and governed by the laws of the state of Nebraska. As a political subdivision of the state, the County is exempt from state and federal income taxes. The County consists of the primary government (which includes all of the funds, organizations, institutions, agencies, departments, and offices that make up the legal entity, plus those funds over which the primary government has a fiduciary responsibility, even though those fiduciary funds may represent organizations that do not meet the criteria for inclusion in the financial reporting entity); those organizations for which the primary government is financially accountable; and other organizations for which the nature and significance of their relationship with the primary government are such that their exclusion would cause the financial reporting entity's financial statements to be misleading or incomplete.

Component units are legally separate organizations for which the elected officials of the primary government are financially accountable. The County is financially accountable if its County Commissioner appoints a voting majority of another organization's government body and it has the ability to impose its will on that organization, or there is a potential for that organization to provide specific financial benefits to, or impose specific financial burdens on, the County (primary government). The County may also be financially accountable for another organization if that organization is fiscally dependent on the County. The County has determined it has no component units required to be reported in these financial statements.

Other individual county offices maintain accounting records and account for moneys received and disbursed directly by these offices. Only that portion of these moneys which is subsequently received by the County Treasurer is reflected in the County's financial statements.

B. BASIS OF PRESENTATION

Government-Wide Financial Statements

The government-wide financial statements (i.e., the statements of activities and net position) report information on all the nonfiduciary activities of the primary government and its component units. Governmental activities generally are financed through taxes, intergovernmental receipts, and other nonexchange receipts.

SCOTTS BLUFF COUNTY, NEBRASKA
NOTES TO THE FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. BASIS OF PRESENTATION (Continued)

Government-Wide Financial Statements (Continued)

The statement of activities presents a comparison between direct expenses and program receipts for each function of the County's activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reversed for the statement of activities. Program receipts include (a) fees, fines, and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Receipts that are not classified as program receipts, including all taxes, are presented as general receipts.

Fund Financial Statements

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements, as applicable.

Fiduciary funds report assets held in a trustee or agency capacity for others and, therefore, cannot be used to support the County's own programs. The Trust and Agency Funds are fiduciary funds.

The government utilizes the following fund types:

The *General Fund* is the primary operating fund of the County and is always classified as a major fund. It is used to account for all activities, except those legally or administratively required to be accounted for in other funds.

Special Revenue Funds account for the proceeds of specific revenue sources (other than for major capital projects) that legally restrict expenditures for specified purposes.

Capital Projects Funds account for financial resources to be used for the acquisition or construction of major capital facilities or improvements.

The *Debt Service Fund* is used to account for the accumulation of resources that are restricted, committed, or assigned for the payment of principal and interest on long-term obligations of governmental funds.

Trust and Agency Funds are used to account for assets held by the County in a trustee capacity for other governmental units. These funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

SCOTTS BLUFF COUNTY, NEBRASKA
NOTES TO THE FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. BASIS OF PRESENTATION (Continued)

Fund Financial Statements (Continued)

Fund financial statements of the reporting entity are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts that constitutes its assets, liabilities, fund equity, receipts, and disbursements. Funds are organized into two major categories: governmental and proprietary. An emphasis is placed on major funds within the governmental and proprietary categories. A fund is considered major if it is the primary operating fund of the County or meets the following criteria:

- a. Total assets, liabilities, receipts, or disbursements of that individual governmental or enterprise fund are at least 10% of the corresponding total for all funds of that category or type, and
- b. Total assets, liabilities, receipts, or disbursements of the individual governmental fund or enterprise fund are at least 5% of the corresponding total for all governmental and enterprise funds combined.

The County reports the following major governmental funds:

General Fund - The General Fund is the primary operating fund of the County and is always classified as a major fund. It is used to account for all activities except those legally or administratively required to be accounted for in other funds.

Road and Bridge Fund - This fund is a special revenue fund used to account for receipts and disbursements attributed to maintenance and improvement of county highways and bridges and other County infrastructure.

Self-Insured Medical Fund - This fund is a special revenue fund used to account for the receipts of employer and employee contributions and disbursements attributable to employee medical insurance premiums and uninsured medical expenses.

COVID American Rescue Plan Fund - This fund is a special revenue fund used to account for necessary expenditures with respect to the Coronavirus Disease 2019.

Detention Center Fund - This fund is a special revenue fund used to account for receipts and disbursements attributable to the operation of the County's detention facility.

Capital Improvement Fund - This fund is a capital project fund used to account for receipts and disbursements for the acquisition and construction of major capital facilities.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. MEASUREMENT FOCUS and BASIS OF ACCOUNTING

Measurement Focus

The government-wide and fund financial statements of the primary government, Scotts Bluff County, Nebraska, are reported using the current financial resources measurement focus and the cash basis of accounting. Receipts are recognized when the County Treasurer receives cash rather than when earned. Disbursements are recognized when cash is disbursed rather than when the obligation is incurred. Accordingly, the accompanying financial statements are not intended to present financial position and the results of operations in conformity with accounting principles generally accepted in the United States of America.

Balances held by various county officers at year end, including cash and accounts receivables, are reported as cash items in the statement of net position - cash basis - fiduciary funds. This statement includes amounts due to other governments, the County Treasurer, and various trust accounts, which are reported as liabilities on that statement. The effect of not recognizing the County portion of revenue until collected by the County Treasurer is not considered a material departure from the cash basis of accounting.

Basis of Accounting

The County's funds are maintained and the financial statements have been prepared on the cash basis of accounting. Receipts are recognized when cash is received rather than when earned. Disbursements are recognized when cash is disbursed rather than when the obligation is incurred. This differs from accounting principles generally accepted in the United States of America which require governmental funds to follow the modified accrual basis of accounting. Accordingly, the accompanying financial statements are not intended to present financial position and the results of operations in conformity with accounting principles generally accepted in the United States of America.

D. RECEIPTS

Program Receipts

In the statement of activities, cash basis receipts that are derived directly from each activity or from parties outside the County's taxpayers are reported as program receipts. The County reports the following program receipts in each function as follows:

General Government	Fees, permits, licenses, and commissions.
Public Safety	Fines and fees, E-911 revenue, operating grants from federal and state agencies for law enforcement, and incarceration fees.

SCOTTS BLUFF COUNTY, NEBRASKA

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. RECEIPTS (Continued)

Program Receipts (Continued)

Public Works	Township road contracts, reimbursements, operating grants from FEMA and other federal and state agencies for road and infrastructure work.
Public Health and Public Welfare	Fees, permits, and licenses.
Culture and Recreation	Proceeds from Keno sales.

All other governmental receipts are reported as general. All taxes are classified as general receipts even if restricted for a specific purpose.

E. ASSETS, LIABILITIES, AND NET POSITION

1. Deposits and Investments

The County's cash is considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. The County had no cash equivalents at June 30, 2021.

Nebraska statutes allow the County to make any investments allowed by the State Investment Officer. This includes bank certificates of deposit. Investments for the County are reported at fair value.

2. Capital Assets

Capital assets are not recorded as assets on the government-wide or fund financial statements and depreciation is not recognized. Purchases of capital assets are recorded as disbursements by function in the financial statements.

3. Compensated Absences

It is the County's policy to permit employees to accumulate a limited amount of earned but unused vacation, sick leave, and compensatory time. Employees who leave county government for any reason will be paid for any unused vacation leave earned after one (1) year of employment. Employees who leave the county employment before one full year of employment shall not be paid any vacation leave, as none has been earned by them until after one full year of employment. All sick leave shall expire on the date of separation. All unused compensatory time remaining when the employee leaves the employment of the County shall be paid at the employee's current hourly rate or at the average rate for the final three years of employment, whichever is greater.

E. ASSETS, LIABILITIES, AND NET POSITION (Continued)

4. Equity Classification

Government-Wide Statements

Equity is classified as net position and displayed in two components:

Restricted net position consists of net assets with constraints placed on the use either by external groups, such as creditors, grantors, contributors, or laws and regulations of other governments, or through constitutional provision or enabling legislation.

Unrestricted net position does not meet the definition of restricted.

It is the County's policy to use restricted net position first, prior to the use of unrestricted net position, when a disbursement is paid for purposes in which both restricted and unrestricted net position are available.

Fund Financial Statements

Governmental fund equity is classified as fund balance.

Fund Balance Classification

The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the County is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications used in the governmental fund financial statements are as follows:

Nonspendable fund balance - Assets legally or contractually required to be maintained or are not in spendable form, such as fund balance associated with inventories, prepaids, long-term loans and notes receivable, and property held for resale (unless the proceeds are restricted, committed, or assigned). The County currently has no amounts classified in this category.

Restricted fund balance - Amounts that can be spent only for the specific purposes stipulated by constitution, external resource providers, or through enabling legislation.

Committed fund balance - Amounts that can be used only for the specific purposes determined by a formal action of the Board of Commissioners (the County's highest level of decision-making authority).

E. ASSETS, LIABILITIES, AND NET POSITION (Continued)

4. Equity Classification (Continued)

Fund Financial Statements (Continued)

Fund Balance Classification (Continued)

Assigned fund balance - Amounts that are intended to be used by the government for specific purposes but do not meet the criteria to be classified as restricted or committed. This intent can be expressed by the County Board of Commissioners or through the Board delegating this responsibility to the County's management accountant. The County currently has no amounts classified in this category.

Unassigned - This classification includes the residual fund balance for the General Fund.

The County would typically use restricted fund balances first, followed by committed resources, and then assigned resources, as appropriate opportunities arise, but reserves the right to selectively spend unassigned resources first to defer the use of these other classified funds.

F. REVENUE RECOGNITION - PROPERTY TAXES

Property taxes are levied by October 15 based on valuations as of January 1. Real estate and personal property taxes become due and attach as an enforceable lien on property as of January 1. Real estate and personal property taxes are payable in two installments and become delinquent May 1 and September 1. Motor vehicle taxes are due when application is made for registration of a motor vehicle.

G. INTERFUND AND INTERDEPARTMENT TRANSACTIONS AND ACTIVITY

Transactions

Numerous county departments and funds transact with other county departments and funds for various purposes. These applicable intercounty transactions result in the reporting of receipts by one fund or department and disbursements by another fund or department. These transactions have not been eliminated in the government-wide or fund financial statements. A summary description of intercounty transactions follows:

Copier Costs - The County incurs postage costs which are utilized by numerous funds and departments. Copier costs are charged to applicable funds and departments based on usage.

Transactions (Continued)

Services - The County's individual departments and funds frequently perform services to other county departments and funds. Services are charged to applicable funds and departments based on specified rates.

Activity

The County utilizes specified funds and departments for the purpose of conducting centralized service and functionality. Costs incurred are reported only in these departments and funds, and are not charged to, allocated, or distributed to any other fund or department. A summary description of activities benefiting multiple departments and funds but reported in only one fund follows:

Self-Funded Insurance - The County utilizes a specified fund for the purpose of identifying and segregating "self-funded" county-wide employee medical costs.

Personnel Management - The County utilizes a specified department of the General Fund for the purpose of identifying and segregating costs associated with county-wide personnel management costs.

Information Systems - The County utilizes a specified department of the General Fund for the purpose of identifying and segregating costs associated with county-wide information technology costs.

Buildings and Grounds - The County utilizes a specified department of the General Fund for the purpose of identifying and segregating costs associated with county-wide general building and grounds maintenance costs.

H. USE OF ESTIMATES

The preparation of financial statements in conformity with the cash basis of accounting used by the County requires management to make estimates and assumptions that affect certain reported amounts and disclosures; accordingly, actual results could differ from those estimates.

NOTE 2. CASH AND INVESTMENTS

The County Treasurer has generally pooled the cash resources of the various funds for investment purposes. Each fund's portion of total cash and investments is summarized

by fund type on the statement of cash basis assets and fund balances as "cash and cash equivalents." Interest earned on pooled funds is credited to the County General Fund in accordance with Section 77-2315, R.R.S. 1943.

The types of investments the County is authorized to invest funds in are enumerated in state statutes and generally include U.S. government obligations, certificates of deposit, time deposits, and securities in which the State Investment Officer is authorized to invest.

For the following disclosures required by Governmental Accounting Standards Board (GASB) Statement 40, deposits include checking accounts, savings accounts, money market accounts, and certificates of deposit.

The Nebraska Public Agency Investment Trust (NPAIT) was established in June 1996 through the Interlocal Cooperation Act and commenced operations July 25, 1996. NPAIT was established to assist public bodies throughout the state of Nebraska with the investment of their available cash reserves. Participation in the investment trust is voluntary for its members. The objective of NPAIT is to provide its owner-members with a conservative and effective investment alternative tailored to the needs of its members. NPAIT portfolio management generally follows established investment criteria developed by the Securities and Exchange Commission (SEC) for money market funds designed to offer acceptable yield while maintaining liquidity. NPAIT is not registered with the SEC as an investment company.

NPAIT's short-term investment portfolio consists of cash and short-term investments valued at amortized cost, which is determined to approximate fair value due to the short-term nature of the instruments. NPAIT maintains a net asset value of \$1.00 per unit. Funds deposited with NPAIT at June 30, 2021, were \$3,509,485.

Custodial Credit Risk

All funds of the County are deposited in board-designated official depositories and are required to be collateralized in accordance with Nebraska statutes. Official depositories may be established with any bank whose principal office is located in Nebraska. Also, the County may establish time deposit accounts, money market accounts, and certificates of deposit.

Custodial credit risk is the risk that in the event of a bank failure, the County's deposits may not be returned to it, or returned at the discretion of others. The County's internal policies require financial institutions to provide collateral for balances in excess of Federal Deposit

NOTE 3. RETIREMENT SYSTEM

Plan Description

The Retirement System for Nebraska Counties (the Plan), is a multiple-employer plan administered by the Public Employees Retirement Board in accordance with the provisions of the County Employees Retirement Act. The Plan consists of a defined contribution option and a cash balance benefit. The cash balance benefit is a type of defined benefit plan. The Plan provisions are established under Neb. Rev. Stat. § 23-2301 - 23-2334 (Reissue 2012, Cum. Supp. 2014, Supp. 2015) and may be amended through legislative action.

Participation in the Plan is required of all full-time employees. Part-time (working less than one-half of the regularly scheduled hours) employees may elect voluntary participation upon reaching age 18. Part-time elected officials may exercise the option to join. County employees and elected officials contribute 4.5% of their total compensation. In addition, the County contributes an amount equal to 150% of the employee's contribution. The contribution rates are established by § 23-2307 and § 23-2308 and may be amended through legislative action. The employee's and employer's contributions are kept in separate accounts. The employee's account is fully vested. The employer's account is fully vested after three years of participation in the system or credit for participation in another governmental plan prior to actual contribution to the Plan. Nonvested County contributions are forfeited upon termination. Forfeitures are used to cover a portion of the pension plan's administrative expenses. Prior service benefits are paid directly by the County to the retired employee.

NOTE 3. RETIREMENT SYSTEM (Continued)

Plan Description (Continued)

A supplemental retirement plan was established on January 1, 2003, for the benefit of all present and future commissioned law enforcement personnel employed by the County. Employees contribute 1% of their salary, and the County contributes an amount equal to 100% of the employee's contribution. In a defined contribution plan, benefits depend solely on amounts contributed to the Plan plus investment earnings.

Contributions

For the year ended June 30, 2021, total compensation for all employees was \$10,862,589 and compensation covered in this Plan was \$10,691,816. Employee contributions were \$491,424 and the County contributed \$738,457.

NOTE 4. RISK MANAGEMENT

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County is a member of the Nebraska Intergovernmental Risk Management Association (NIRMA), a public entity risk pool (the Pool) currently operating as a common risk management and insurance program for 83 counties and 23 public entities throughout Nebraska. NIRMA was created as a result of the Intergovernmental Risk Management Act authorized by State Statute Section 44-4301, R.R.S. 1943 which resulted in two programs being established, NIRMA, and NIRMA II. The County has the option of participating in one or both of the programs. Scotts Bluff County, Nebraska, participates in both of the programs.

The County pays an annual deposit premium as calculated by the administrator of the Pool. Following the close of the fiscal year and at appropriate intervals thereafter, the Pool may calculate each county's retrospective premium or premium credit for the year. The Board prior to the beginning of the fiscal year shall adopt the retrospective formula. The formula shall consider the losses and exposures of each county and the entire Pool.

The deposit premium paid for the fiscal year shall be applied as a credit against the retrospective premium. If it is determined that the deposit premium paid is in excess of the retrospective premiums calculated, such excess shall be applied as a credit toward the next annual deposit premium. Retrospective premium adjustments for each fiscal year shall continue until all claims are closed or until the Board determines that sufficient facts are known to make a final adjustment for the year.

If the Pool becomes insolvent or is otherwise unable to discharge its legal liabilities and other obligations, the County may be assessed by the Board for an additional contribution equal to its contribution for the current fiscal year divided by the contribution of all participants for such year, times the amount of such deficiency. Each assessment, and the manner of

calculating the same, shall be submitted to each county in writing, and each county shall thereafter have sixty (60) days in which to pay the amount of such assessment. Each county shall remain liable for such assessments, regardless of such county's withdrawal from participation or the termination of the agreement, and for liabilities of the Pool incurred during such county's period of membership, as provided by State Statute Section 44-4312, R.R.S. 1943.

In the event of a liability loss exceeding \$5,000,000 per occurrence, the County would be responsible for funding the excess amount. In the event of a workers' compensation loss exceeding the statutory excess limit or an employer's liability loss exceeding the \$2,000,000 excess limit, the County would be responsible for funding the excess amount.

Since the majority of NIRMA's and NIRMA II's liabilities are reserved for losses and loss adjustment expenses which are based on an actuarial estimate of the ultimate losses incurred, the member balances are adjusted annually to reflect recent loss information. There were no significant reductions in insurance coverage from the coverage in the prior year by major categories of risk.

The County has not paid any additional assessments to the Pool in the last three fiscal years, and no assessments are anticipated for the fiscal year 2021. The County has not had to pay out any amounts that exceeded coverages provided by the Pool in the last three fiscal years.

NOTE 8. COMMITMENTS AND CONTINGENCIES

Self-Insurance

The County operates a self-insured medical insurance plan for dental and health insurance for its employees. The County has contracted with a third-party administrator to provide claims processing services. In addition, the County has purchased a stop-loss policy covering all claims in excess of \$60,000 per year, per claim. The County retains risk of loss for all claims up to the stop-loss amount. As of June 30, 2021, cumulative contributions and receipts in excess of claims and expenses were \$1,727,040, which the County has designated for payment of future claims.

SCOTTS BLUFF COUNTY, NEBRASKA
NOTES TO THE FINANCIAL STATEMENTS

NOTE 8. COMMITMENTS AND CONTINGENCIES (Continued)

General

The County is subject to laws and regulations relating to the protection of the environment. The County's policy would be to disclose environmental and cleanup-related costs of a non-capital nature when it is both probable and reasonably estimated. Although it is not possible to quantify with any degree of certainty the potential financial impact of the County's continuing compliance efforts, management believes any possible future remediation or other compliance-related costs will not have a material adverse effect on the financial condition or reported results of operations of the County.

The County participates in numerous state and federal grant programs, which are governed by various rules and regulations of the grantor agencies. Costs charged to the respective programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent that the County has not complied with the rules and regulations governing the grants, refunds of any money received may be required. In the opinion of the County, there are no significant contingent liabilities relating to compliance, with the rules and regulations governing the respective grants; therefore, no provision has been recorded in the accompanying combined financial statements for such contingencies.

NOTE 9. INTERFUND TRANSFERS AND LOANS

NOTE 12. FEDERALLY ASSISTED PROGRAMS

The County receives substantial grants from the federal and state governments, all of which are subject to audit by the respective governments. Subsequent audits may disallow expenditures financed by governmental grant programs, although past audits have resulted in no violations of grant regulations and no requests for reimbursement. It is the opinion of management that requests for reimbursement, if any, by either the federal or state governments based on subsequent audits will not be material in relation to the County's financial statements as of June 30, 2021.

NOTE 13. SUBSEQUENT EVENT

In preparing the financial statements, the County has evaluated events and transactions for potential recognition or disclosure through June 23, 2022, the date the financial statements were available to be issued.

SCOTTS BLUFF COUNTY, NEBRASKA
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
YEAR ENDED JUNE 30, 2021

NOTE 1. BASIS OF PRESENTATION

The schedule of expenditures of federal awards is prepared on the cash basis of accounting which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Accordingly, disbursements are recognized when cash is disbursed. This basis of accounting is consistent with the method utilized for the basic financial statements of the County.

The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements.

NOTE 2. BASIS FOR EXPENDITURES REPORTED

Cash Disbursements - For certain federal programs, the County makes cash disbursements under the federal program specifically identified as federal program costs. For these federal programs, the County reports federal expenditures in the amount of cash disbursed and indirect costs claimed under the federal program.

Cash Receipts - For certain federal programs, the County receives payment at specified rates per unit of service rendered or product distributed. For these federal programs, the County reports federal expenditures in the amount of cash received under the federal program.

NOTE 3. INDIRECT COST RATE

For certain federal programs, the County may be allowed to utilize an indirect cost rate as determined by the federal program or a negotiated indirect cost rate. The County may otherwise utilize a de minimis indirect cost rate when allowed by the federal program. For these federal programs, federal expenditures included amounts determined as indirect costs.

For the Child Support Enforcement program, the County utilized an indirect cost rate of 51.03% applicable to costs incurred by the Child Support Enforcement Office and 45.33% applicable to costs incurred by the Clerk of the District Court.

NOTE 4. CONTINGENCIES

The County receives funds under various federal grant programs and such assistance is to be expended in accordance with the provisions of the various grants. Compliance with the grants is subject to audit by various government agencies which may impose sanctions in the event of noncompliance. Management believes that they have complied with all aspects of the various grant provisions and the results of adjustments, if any, relating to such audits would not have any material financial impact.

SCOTTS BLUFF COUNTY, NEBRASKA
NOTES TO BUDGETARY SCHEDULES
YEAR ENDED JUNE 30, 2021

NOTE 1. SCHEDULES OF RECEIPTS, DISBURSEMENTS, AND CHANGES IN FUND BALANCE - BUDGET AND ACTUAL - CASH BASIS

Basis of Accounting

The budget is prepared on the same cash basis of accounting as applied to the governmental funds in the basic financial statements. Receipts and disbursements are reported when they result from cash transactions.

Budgets

The County follows these procedures in establishing the budgetary data reflected in the schedules in accordance with the requirements of the Nebraska Budget Act.

On or before August 1, the finance committee or other designated budget-making authority prepares and transmits a budget for each County fund showing the requirements, the outstanding warrants, the operating reserve to be maintained, the cash on hand at the close of the preceding fiscal year, the revenue from sources other than taxation, and the amount to be raised by taxation. The budget, like the County financial statements, is prepared on the cash receipts and disbursements basis of accounting.

At least one public hearing must be held by the County Board.

Prior to September 20, after the action of the Tax Equalization and Review Commission has been certified to the County Clerk, the budget, as revised, is adopted and the amounts provided therein are appropriated.

The County Board is authorized to transfer budgeted amounts between departments within any fund through resolution; however, revisions that alter the total disbursements of any fund require that an additional public hearing be held. Appropriations lapse at year end.

Budget Law

The County is required by state law to hold public hearings and adopt annual budgets for all funds on the cash basis of accounting. Total disbursements for each fund may not exceed the total budgeted disbursements. Any revisions to the adopted budget of total disbursements to any fund require a public hearing.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the County Board of Commissioners
Scotts Bluff County, Nebraska
Gering, Nebraska

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Scotts Bluff County, Nebraska, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise Scotts Bluff County, Nebraska's basic financial statements and have issued our report thereon dated June 23, 2022.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Scotts Bluff County, Nebraska's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Scotts Bluff County, Nebraska's internal control. Accordingly, we do not express an opinion on the effectiveness of Scotts Bluff County, Nebraska's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies, and therefore, material weaknesses or significant deficiencies may exist that were not identified. We identified a certain deficiency in internal control that we consider to be a material weakness. We did identify a deficiency in internal control, described in the accompanying schedule of findings and questioned costs as item 2021-001, that we consider to be a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Scotts Bluff County, Nebraska's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under *Government Auditing Standards*.

County's Response to Findings

Scotts Bluff County, Nebraska's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. Scotts Bluff County, Nebraska's response was not subjected to the auditing procedures applied in the audit of the financial statements, and accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR
EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER
COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the County Board of Commissioners
Scotts Bluff County, Nebraska
Gering, Nebraska

Report on Compliance for Each Major Federal Program

We have audited Scotts Bluff County, Nebraska's compliance with the types of compliance requirements described in the OMB Compliance Supplement that could have a direct and material effect on each of Scotts Bluff County, Nebraska's major federal programs for the year ended June 30, 2021. Scotts Bluff County, Nebraska's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for the federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Scotts Bluff County, Nebraska's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Scotts Bluff County, Nebraska's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Scotts Bluff County, Nebraska's compliance.

Opinion on Each Major Federal Program

In our opinion, Scotts Bluff County, Nebraska, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2021.

Report on Internal Control Over Compliance

Management of Scotts Bluff County, Nebraska, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Scotts Bluff County, Nebraska's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Scotts Bluff County, Nebraska's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We identified deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as item 2021-001 that we consider to be a material weakness.

Scotts Bluff County, Nebraska's responses to the internal control over compliance findings identified in our audit are described in the accompanying schedule of findings and questioned costs. Scotts Bluff County, Nebraska's responses were not subjected to the auditing procedures applied in the audit of compliance, and accordingly, we express no opinion on it.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

SECTION II. FINANCIAL STATEMENT FINDINGS

FINDING 2021-001 SEGREGATION OF ACCOUNTING FUNCTIONS

Criteria

Authorization or approval of transactions, recording of transactions, and custody of assets should normally be segregated from each other.

Condition and Context

There is a lack of segregation of accounting functions among various County offices and personnel. This is a continuing item from the prior year.

Questioned Costs

None.

Cause

The County does not employ sufficient office personnel to properly segregate accounting functions.

Potential Effect

This lack of segregation of duties results in an inadequate overall internal control structure design.

Recommendation

The County should be aware of the inherent risks associated with improper segregation of accounting functions. The County should also develop mitigating controls to reduce the risk of errors or fraud associated with improper segregation of accounting functions.

Views of Responsible Officials and Planned Corrective Action

The County has assessed the benefits and costs associated with proper segregation of duties for all County departments and offices and has determined that cost would outweigh any benefits received. The County understands the inherent risks associated with improper segregation of accounting functions. The County requires monthly reporting to the Board of Commissioners for various department officials to ensure transactions are recorded, and potential errors and irregularities are identified on a timely basis.

CORRECTIVE ACTION PLAN

June 23, 2022

Scotts Bluff County respectfully submits the following corrective action plan for the year ended June 30, 2021, for the finding identified by Dana F. Cole & Company, LLP, Scottsbluff, Nebraska.

The findings from the Schedule of Findings and Questioned Costs are discussed below and are numbered consistently with the numbers assigned in that schedule.

FINANCIAL STATEMENT FINDINGS

2021-001 SEGREGATION OF ACCOUNTING FUNCTIONS

Recommendation: The County should be aware of the inherent risks associated with improper segregation of accounting functions. The County should also develop mitigating controls to reduce the risk of errors or fraud associated with improper segregation of accounting functions.

Action Taken: The County has assessed the benefits and costs associated with proper segregation of duties for all County departments and offices and has determined that cost would outweigh any benefits received. The County understands the inherent risks associated with improper segregation of accounting functions. Action has been taken to ensure timely deposits to the General Fund from the accounts held by individual departments, and County Management has communicated the need to be transparent regarding the transactions handled within these accounts. The County requires monthly reporting to the Board of Commissioners for various department officials to ensure transactions are recorded, and potential errors and irregularities are identified on a timely basis. The County will continue to review accounting procedures and processes to further mitigate this internal control deficiency whenever possible and feasible.

If federal or pass-through awarding agency has questions regarding this plan, please contact me.

Sincerely yours,

Lisa Rien
