**Certificate of Deposit Renewal Notice**

<b>Account Number:</b>	50006293007
<b>Principal Amount:</b>	\$232,744.33
<b>Interest Earned:</b>	\$1,724.20
<b>CD Value:</b>	\$234,468.53
<b>Term:</b>	91 Days
<b>Interest Credited:</b>	ANNUALLY/MATURITY
<b>Interest Compounded:</b>	Daily

Dear Scotts Bluff County,

Thank you for banking with First National Bank of Omaha. We appreciate the trust and confidence you've placed with us for your financial needs.

Your certificate of deposit account (hereinafter referred to as "account") listed above will mature on July 19, 2024. If your account renews, the next maturity date will be October 18, 2024. The new interest rate and Annual Percentage Yield (APY) have not yet been determined. To ensure you receive the most current rates, the interest rate and APY will be determined on the maturity date listed above. At renewal, the interest rate will be adjusted to the then current rate for this term and is dependent on your checking account relationship with us.

If a product of the same term is not offered, or if your account was a promotional product, the new term and rate will be that of the next shortest term certificate of deposit account offered. For example, if your existing matured certificate of deposit account had a 13-month term, and that term is not currently being offered, or if it was a promotional term, we will renew your certificate of deposit account at the 12-month term and the current 12-month rate. For further information regarding your new interest rate and APY upon renewal, please call us at 800-642-0014 on or after the date your certificate of deposit account matures.

Interest on your account will be compounded and credited to your account at the frequency indicated above. We will also continue to honor any directions regarding interest payments. Please note the following terms on your account:

- We use the daily balance method to calculate the interest on your account (this method applies the daily periodic rate to the principal in the account each day). Interest begins to accrue on the business day of your deposit (including noncash items such as checks). The APY assumes interest will remain on deposit until maturity. A withdrawal will reduce earnings.
- You have 10 calendar days after the maturity date to withdraw funds without penalty. If the account is closed during the 10 day grace period, the current "First Rate Savings" rate will be paid on the collected balance of the account from the last maturity date to the date all funds are withdrawn from the account. If you withdraw funds early, a penalty equal to all accrued interest may be applied. This penalty is not assessed in special cases, such as the death or legal incompetence of any depositor. This penalty is also not assessed on the 21 Month No Worry product. The interest rate we will use to calculate the interest forfeiture will be the interest rate on the account at the time of withdrawal. We will charge the penalty first against the interest then in the account, and any excess will be deducted from the amount you withdraw.
