

Ms Leisy,

Attached is a copy of my resume for consideration as a board member with the Scotts Bluff County Area Visitors Bureau. As you will see, I have over 20 years in the travel industry. I grew up in Scottsbluff, where I got into the travel industry managing the old Western Travel office on Broadway. After its sale, I started another agency in Alliance, then turned it over to the new owners and joined the original Frontier Airlines. After its bankruptcy, I moved to Los Angeles where I was a Business Analyst/Program Manager, developing airline reservations systems and frequent flyer programs.

I gained significant skills in IT as a result and became a software testing and application development consultant for several companies in the US and Europe. Current, Mattel Toys, DowJones, General Motors Europe, DeutscheBank, Ryder Trucking, PacBell Telephone among others.

Later I was asked to be the General Manager for world's largest vacation rental website, VRBO.com. I was there for 8 years, including three years as a Vice President for the company that acquired VRBO. During that time I personally owned a successful vacation rental in Dillon, CO. Technically I retired in 2009 but have kept very active, mentoring two start-up companies in Colorado, as well as being on the board of our neighborhood HOAs in Denver and now Scottsbluff.

If you would like any references, please let me know. I can provide you with several from Scottsbluff, as well as companies I was previously involved with. While I'm not a hotel owner or manager, I have been involved in the travel industry a long time and have experience owning and operating a vacation rental. I would love to discuss with you the possibility of joining the board of the Scotts Bluff County Area Visitors Bureau.

Thanks for your time.

Marvin Floyd
