

To those serving on the board of the County Commissioner:

I am writing to you today as a supporter of Sunset Hills Venue.

To keep it simple: Weddings and other events bring the opportunity for economic growth to our community, as many people attending Weddings and events come from out of town.

You know how that works! Hotel and hospitality needs, food and restaurants and any last-minute shopping for gifts and other things needed by those who come in for a weekend.

In fact, the more I think about it, myself as a local photographer, I typically purchase from at least three different stores and/or restaurants each weekend that I photograph a Wedding!

To expand on a more personal note: Courtney and Taylor have spent the better part of their adult lives observing our community, working with hundreds of families and businesses, all while identifying the wants and wishes of those who live here and then getting to work.

Their hustle is real.

When these two put their mind to something, there is no stopping them until it is finished!

The side effects of that hustle do not just benefit Courtney and Taylor, the end result is exactly what Sunset Hills Venue will become: a place for people to gather to celebrate great big moments in their lives. Those people are our friends and neighbors, our own relatives and business partners.

I imagine within the walls of their venue, it won't just be Wedding couples and their favorite people there. That space will be where people go for baby showers, bridal showers, graduation receptions, business meetings and every once in a while...a place where loved ones will gather to remember their most special parent or friend.

Our community is not bursting with venue spaces: if you have ever had a High School Senior and tried to find a place to hold their reception, you know the struggle! The same goes especially for Weddings; it is not uncommon for there to be four to seven Weddings on any given weekend in our community during the Summer and Fall seasons.

I am so very excited for Courtney and Taylor as they continue their journey with Sunset Hills Venue, and hope that you also see the benefits of this facility and the need for such a place here in our county.

I thank you so very much for your time!
Sincerely,

Jessica Mikoloyck
