Scotts Bluff County Commissioners
1825 10th Street
Gering, NE 69341

RE: Expression of Interest for Appointment as Interim Scotts Bluff County Surveyor

Dear Commissioners,

I am writing to formally express my interest in being considered for appointment as the Interim Scotts Bluff County Surveyor following the recent resignation of Dennis Sullivan. With 27 years of land surveying experience—including 24 years with M.C. Schaff & Associates, Inc. here in western Nebraska—I am fully prepared to step in and ensure a seamless transition for the county.

As a Licensed Land Surveyor in the State of Nebraska, I have spent my career managing complex public and private sector projects throughout Scotts Bluff County and surrounding communities. My background includes extensive experience in legal and historical land boundary research, ALTA surveys, municipal infrastructure layout, and public works coordination.

Having worked closely with local municipalities, planning commissions, and regional infrastructure projects across western Nebraska, I understand the standards, regulatory needs, and precision required to fulfill the duties of the County Surveyor efficiently and reliably.

I have attached my resume for your review, which details my professional history, licensure, and local project experience. I would welcome the opportunity to discuss my qualifications with the Board and answer any questions you may have. You may contact me at (308)631-7099.

Thank you for your time, consideration, and continued service to Scotts Bluff County.

Sincerely,
Gregg Schilz, L.S. 785
Licensed Land Surveyor
Enclosure: Resume

M.C. SCHAFF AND ASSOCIATES, INC.
Engineers Planners Surveyors

Gregg Schilz

Registered Land Surveyor

Licenses
Nebraska- L.S. 785

Education

AA, 1993, Western Nebraska Community College, Scottsbluff, Nebraska

1994, University of Nebraska, Lincoln Nebraska

MCS Tenure
24 Years (2002)

Industry Tenure
27 Years

Mr. Schilz is a Licensed Land Surveyor at M.C. Schaff & Associates, Inc., and administers civil engineering principles, practices, and methods pertaining to the conduct of property, topographic, construction, and related surveying. During his tenure with the firm, Mr. Schilz has become a strong professional Land Surveyor, working on contracts with Federal Aviation projects, Nebraska Department of Transportation projects, commercial businesses, and private residential clients. Mr. Schilz is widely known for operating projects within many western Nebraska communities, including Hay Springs, Alliance, Morrill, Mitchell, Scottsbluff, Sidney, Terrytown, Bridgeport, and Bayard.

During his career, Mr. Schilz has been actively involved in legal and topographic research and documentation, attending project meetings, and conducting ground surveys for various private and public projects in the MCS service area. Assignments have also included elevation certificates, Alta surveys, historical land boundary investigations, two & three dimensional computer renderings of property features, and construction staking of several municipal water and wastewater improvements.
